

Resolutions Suggestion Form for 42nd Manitoba Beef Producers AGM

Manitoba Beef Producers' board of directors is now accepting in writing suggested late resolutions for potential debate at its virtual 42nd Annual General Meeting set for February 11, 2021. If the resolution is deemed to be in order by MBP's Resolutions Committee it will be considered for debate at the resolutions session. In consultation with the resolution's author, proposed resolutions may be subject to editing by MBP for clarity and to ensure consistency of formatting across all resolutions.

Please note: if the resolution covers off matters on which MBP is already conducting advocacy work, it may be deemed to be redundant and not taken forward for debate so as to ensure there is time to debate resolutions on emerging matters. As well, it is also important that proposed resolutions deal with something that is potentially achievable and clearly state the actions you are asking MBP to consider taking.

See sample resolutions and submission instructions on page 2, and provide your proposed resolution on the form below.

Whereas _____

Whereas _____

Be it resolved to recommend that Manitoba Beef Producers _____

Your name: _____

Sample Resolutions Arising from Past Manitoba Beef Producers District Meetings

Example 1

Whereas blackbirds cause significant losses to producers' crops.

Be it resolved to recommend that Manitoba Beef Producers lobby the Minister of Sustainable Development to include blackbird damage as eligible for claims under the Wildlife Damage Compensation Program for Crop Damage.

Example 2

Whereas Manitoba Agriculture recognizes that bale grazing of beef cattle can save producers time, effort and money and help distribute valuable nutrients to the soil to enhance future productivity; and

Whereas even though this practice is well utilized by Manitoba's beef producers, they currently receive no compensation for wildlife damage to bales left in fields or pastures for feeding purposes.

Be it resolved to recommend that Manitoba Beef Producers lobby the provincial government for changes to the Wildlife Damage Compensation Program for Crop Damage to ensure that baled hay that remains on fields for use as part of an extended feeding regime becomes eligible for compensation related to wildlife damage.

Submission Instructions for Proposed Resolutions

Please send the proposed resolution (along with your contact information) to info@mbbeef.ca to the attention of General Manager Carson Callum and Policy Analyst Maureen Cousins. Alternatively, you may fax it to 1-204-774-3264 or mail it to 220-530 Century Street, Winnipeg MB R3H 0Y4.

For resolutions to be reviewed by MBP's board of directors and posted on MBP's website prior to the 42nd AGM for others to see, they need to be received by MBP no later than 8:30 a.m., Friday, February 5, 2021.

Thanks for your assistance in this regard and we look forward to an engaging virtual resolutions debate!
