

# CHECK-OFF DEDUCTION REMITTANCE FORM

Manitoba Beef Producers' activities are funded through the collection of check-off dollars. Two check-offs with a combined total value of \$5.50/head are levied at the point of sale on all cattle sold in Manitoba. Of this, a \$3/head mandatory, refundable provincial check-off goes toward financing MBP's activities on behalf of the local beef industry, as well as its membership in organizations such as the Canadian Cattlemen's Association (CCA), the National Cattle Feeders' Association (NCFA) and others. MBP's levy is collected under the authority of the *Cattle Fee Regulation* under *The Cattle Producers Association Act*, a piece of provincial legislation.

As well, a mandatory non-refundable \$2.50/head Canadian Beef Cattle Check-off is collected on all cattle sold in Manitoba and the monies are transferred to the Canadian Beef Check-off Agency. Goals of the Canadian Beef Cattle Check-Off are to increase sales of domestic and export beef and to find better and more efficient methods of producing beef and beef cattle. The Canadian Beef Cattle Check-Off provides industry funding for the Beef Cattle Research Council which is responsible for the industry's national research program, as well as to Canada Beef for market development and promotion. Funding is also provided for public and stakeholder engagement, administered by the Canadian Cattlemen's Association in partnership with Canada Beef and under the oversight of the Canadian Beef Advisors.
